

EVGENIA TSIANOU

Project manager
Science Communicator
Environmental Scientist

About me

Enthusiastic environmental scientist who always seeks meaningful collaborations in a sustainability & circular economy context. A project planner who deploys a holistic approach based on a climate science background. An implementer who often works as a troubleshooter. An intrapreneur who works on systemic change. Connecting to people, networking is my natural gift.

Studies

Swiss Federal Institute of Technology, Zurich, Switzerland, 2010 - 2013
MSc Atmospheric and Climate Science, Thesis: Climate Change Impacts on Precipitation in the Peruvian Andes & Implication for Agricultural Drought

Democritus University of Thrace, Xanthi, Greece, 2003 - 2009
Dipl. Environmental Engineering, Thesis: Indoor air pollution in an office environment

Working activities

DISSCO
Dissemination - Science - Communication
Zurich, Switzerland
(2017 - current)

Project manager & Science Communicator
Self-Employed, Working from Concept, Design to Implementation (5 indicative partnerships below)

EIT Food CLC South
2021 | current

Water Scarcity in Southern Europe

- Communication project management
- Innowise scale, an entrepreneurship programme
- Outreach activities

Climate KIC
Greece
2020 | 3 months

Water Scarcity Podcast

- Project Coordination
- Research/Content Creator
- Communication activities

Alchemia-nova
Greece, Austria
2018 | 3 years

Life Agromine, Sustainable mining & circular economy

- Project management (planning, reporting)
- Designing school educational activities and technical workshops for farmers
- Field work

H2020 HYDROUSA, Water management & circular economy

- Community Engagement activities (workshops, presentations)
- Completing report deliverables
- Proposal writing
- Representing company at conferences
- Designing a water treatment structure

National Centre for Scientific Research Demokritos
Greece
2019 | 1 year

Innovmatters, a hackathon for researchers and product designers

- Initiating, designing, fund raising

2017 | 1 year

Scientific Programme Officer

- Monitoring funding opportunities and disseminating related information
- Coordinating the publication of research thematic flyers
- Creating a tool to track patent documents and export data

Alpen Adria University
Austria, Greece
2017 | 1.5 year

Project Coordinator, Institute of Social Ecology

- Designing and implementing an organic waste separation project including educational and community engagement activities, project: Sustainable Samothraki

University of Bern
Switzerland
2016 | 1.5 year

Project manager, Mountain Research Initiative Europe (MRI Europe)

- Communication and coordination (team of 10) of the bilateral activities of the Swiss-Austrian Alliance
- Event coordination (x2) in Bern and Brussels
- Designing the walking tour "Find the Mountains in Brussel"

What I like

 Travelling

 Juggling

 Agriculture

 Free camping

 SUP

Trained In

Project Management

- Visual Facilitation (2019 | 3 days)
- Swiss National qualification programme, BNF (2016 | 1 month)

Funding Schemes

- incl. EU Advocacy, Swiss Core in Brussels (2016 | 2 days)

Entrepreneurship

- HiReach, Bootcamp Impact hub Vienna (2020 | 1 week)
- Impact hub Academy Athens (2020 | 2 months)
- Climate KIC, European Institute of Innovation & Technology (2014 | 1 month)

Sustainability

- Agroforestry (2019 | 4 days)
- Circ4life, Circular Economy (2018 | 1 week)
- Livelihood Strategies for adaptation to Climate Change in Thailand & Japan (2012 | 1 month)
- Air Pollution, Challenges in GHG measurements (2011 | 1 week)

Community Engagement

- Actors for Urban Change (2020 | 4 days)
- Tools for citizens (2019 | 4 days)

Swiss Academy of Sciences
Switzerland
2015 | 2 months

Paul Scherrer Institut
Villigen, Switzerland
2014 | 4 months

Alstom Power
Birr, Switzerland
2012 | 6 months

Brandenburg Technical University
Cottbus, Germany
2010 | 4 months

2009 | 7 months

Green Way Structures
Xanthi, Greece
2008 | 4 months

Ace Engineering
Tunis, Tunisia
2007 | 3 months

Science communicator, Forschung live

- Communicating natural science topics to a wide range of audiences in Lucerne, Zurich, St. Gallen, Aarau, Basel (in German and in English)

Scientific Assistant, Technology Assessment group

- Conducting a comparative risk assessment of accidents in energy sector triggered by a natural hazard.
- Updating the Energy-Related Severe Accident Database (ENSAD) & quality control & Analysis of NaTech accidents
- Establishing a concept to better integrate NaTech accidents in ENSAD

Research Intern, Department of Future Technology Execution

- Screening of the state of the art in the field of Carbon Capture and Utilization (CCU) and documenting the cases
- Compiling inputs to the Future Technology CCU newsletter
- Initiating and building a database tool to document the CCU activities and tracking development of CCU concepts
- Studing current and future regulation in the field of water use and treatment in power plants

Research assistant, Chair of Chemical Reaction Engineering

- Labor measurements, analysis of results

Research Intern, Chair of Plant Design and Safety Technology

- Labor measurements, analysis of results

Engineering Intern, Environmental Consultancy office

- Environmental Impact Assessments

Engineering Intern, Technical office

- GIS

How I invest my time

Project Manager, Juicy bike

Transforming an old bike to a juice blender
Greece (2019 | 6 months)

Member, theMedsproject

Video advocacy on medicines development and open science
Greece (2019 - current)

Host, Impact Hub

Connecting the community, Designing a waste management plan
Greece (2019 | 6 months)

Co-founder, board member, biocó

Community Supported Agriculture, Forming the communication team, Engaging members,
Switzerland (2013 | 3 years)

Project Manager, Koilon

Platform on Greek Culture in Switzerland with monthly newsletters, koilon.ch, 2012 (600 subscribers, 24 newsletters)
Switzerland (2012 | 2 years)
